

18th Migration Summer School

@MPC_EUI #MPCSummerSchool

27 June - 8 July 2022

Theatre - Badia Fiesolana, Via dei Roccettini 9 - San Domenico di Fiesole (Fiesole, Florence)

Migration Policy Centre

Introduction

The 18th Migration Summer School will provide an opportunity for participants to be able to evaluate continuities and change in global migration, including, but not only, the ongoing effects of the COVID-19 pandemic and of the humanitarian emergency in Ukraine. To achieve its objectives, high-level scientific expertise will be blended with extensive scope for participants to discuss their own ideas and to develop an enhanced perspective on their own professional and career development.

The Summer School will follow a problem-oriented approach to encourage critical engagement. Participants will be supported by extensive background material, debates, group work, individual drop-in sessions with tutors plus sessions during which participants can present their own projects. The Summer School will have a global focus, addressing the following eight substantive topics through the inputs of professors and researchers from the Migration Policy Centre supplemented by distinguished keynote speakers.

We look forward to welcoming to the 18th Migration Summer School an enriching mix of postgraduate students, civil servants, officials at international organisations, representatives from NGOs and other civil society organisations, journalists, policy analysts, and teachers from around the world.
