The Annual Graduate Conference on the History of European Integration provides a unique opportunity for PhD and early career researchers to discuss ongoing research related to the history of European integration. The Conference aims to provide an informal atmosphere in which new ideas and research directions, as well as advice on publishing and academic careers, can be openly shared and debated.

The conference is made possible thanks to financial support from the **Historical Archives of the European Union**, the **Robert Schuman Centre**, and the **School of Transnational Governance** and the [EUI Widening Europe Programme](#).
